

Atos Unify OpenScape Desk Phone CP Family

Trusted partner for your Digital Journey

Atos

Digital workplace communication at the desktop - it's voice, and so much more

The Atos Unify OpenScape Desk Phone CP family brings expanded interoperability, the power of simplicity as well as the high quality audio you expect from our devices. We believe the desk phone needs to do more and these phones earn their place on the desk top.

Stay connected, responsive and collaborative with our environmentally responsible CP phone family Atos

There's no substitute for a voice call when you really need to connect - when time is precious, when you need clarification or immediate decisions, when every one needs to be heard, a voice conversation is simply the best choice.

But the communication tool landscape gives users, teams and now even devices themselves, choices in how, what and when to communicate. The role of voice communication and the desk phone is playing out as workplace digital transformation unfolds.

Atos Unify, together with world renowned product design firm frog design, took a proactive, thoughtful look at the role of the desk phone and it's place in the new way to work. What we created balances the core purpose of instant, secure and reliable voice conversations with modern use cases for a more interoperable, future proof family of phones, ready for an evolving communication ecosystem.

Based on the key principles of focus, interoperability, intuitiveness and beauty the OpenScape Desk Phone CP family of devices bring:

- Streamlined form and function, with redesigned desk phone features
- Rapid on-boarding of new employees with easy set up and an intuitive interface
- Auto-pairing and locking via Bluetooth
- More to their footprint with Eddystone Beacon URL sharing
- The secure, high quality call experience you expect from Atos Unify
- A unique blend of form and function
- Reduced communications bottlenecks with built-in Gigabit Ethernet and UC integration on most devices
- High definition AudioPresence HD™ voice technology, so staying in touch sounds great
- Blue Angel Climate Protection Award for the majority of the CP family
- TDM and IP options

End-to-end device options for everyone

Vibrant conversations start here.
